PEARL RIVER

The World's Best Selling Piano

For over 65 years, Pearl River's unrelenting drive for perfection has made it **The World's Best Selling Piano**. Today, as the largest piano manufacturer in the world, Pearl River continues to be guided by a commitment to the art of European craftsmanship with quality components combined with the latest technological advances to produce the ultimate in rich tone and responsive touch. Each in the Pearl River series of pianos is not only critically acclaimed but also offers unprecedented value.

CONTEMPO SERIES

The Contempo Series feels right at home with pianos that are durable and designed for modern-day living. The new cabinets are manufactured with state-of-the-art CNC technologies combined with an enhanced new scratch-resistant exterior.

TRADITIONAL SERIES

Whether a space-saving upright or a majestic grand piano, the exceptional quality of the Traditional Series pianos is available in a variety of sizes, finishes, and cabinetry. An optional upgrade of a hand-rubbed satin ebony finish is now included.

EUROPEAN SERIES

The Pearl River European Series has won raves from the most respected reviewers worldwide for its upscale design and premium features that typically come on pianos costing far more and for their ability to deliver a rich, strong, and inspiring tone.

PEARL RIVER PRODIGY PLAYER PIANOS

The Prodigy player system can be factory installed on your Pearl River grand piano to give you the enriching experience of playing acoustic piano with modern technology.

DIGITAL SERIES

Pearl River digital pianos feature Italian FATAR Grand-Response™ keyboards with weighted hammer-action that react to fast playing and volume shifts when performing other instrument voices. The acoustic piano feel is dynamic and comfortable from the lowest to the highest keys. Professional sound quality digital sampling from famous German grand pianos features a multi-layer dynamic curve, sympathetic resonance simulation for a sound that is more harmonic and simulates true string overtones.
